

8 Pattern Pieces:

Dress

1. Front
2. Back
3. Sleeve
4. Skirt
5. Front & Back facing

Shoes

6. Upper Shoe
7. Sole

Bandana

8. Bandana

General Information

The patterns have been designed especially to fit 43cm baby dolls wearing a diaper. Unless otherwise indicated always cut a left and a right of all pieces, place pieces on fold where indicated. To prevent fraying it is advisable to finish edges of each pattern piece with a small zigzag prior to stitching. Unless otherwise indicated pieces are stitched together with right sides facing. Backstitch at the beginning and end of all seams to secure stitching. Use fabric and felt scraps for the clothes and shoes.

Pattern Pieces: Tape page A & B together along the indicated line. **IMPORTANT:** Pattern

piece edges and pieces with dotted lines, already include the necessary seam allowance. You may place these pieces onto the fabric and cut right along the pattern edge. **All other edges/pieces to not include seam allowance**, adding a seam allowance of 6mm and hem allowance of 1.2cm when cutting is recommended.

Dress

Materials: light weight cotton fabric for the sleeves and the skirt, cotton fabric for the body, 2x 16.5cm bias tape for the sleeves, 1 x15cm bias tape for center front, 3x 15cm rickrack for center front, 4 small buttons, 7cm hook & loop.

Pattern Pieces: 1,2,3,4 (note that you need to add 17cm as indicated),5.

Dress: Topstitch bias tape to center front, the edges are folded under. Stitch 2 pieces of rickrack on the edges of the bias tape. Stitch the last rickrack to the center of the bias tape. Stitch the shoulder seams. Stitch facing center front. Stitch facing along the neck and center back edge. Clip seam and turn facing to the right side. Topstitch center back and neck edge. Gather sleeve lower edge as indicate. The total lower edge length, including seam allowance, is 15.5cm. Apply bias tape to lower sleeve edge. Gather sleeve so that the head will fit between the marks that are indicated on the front & back pattern pieces. ---- *TIME TO FUDGE* we are going to fudge a little, these are doll clothes o it's allowed :). When you look at the front and back pieces you see 'sjoemel knipjes' this means 'fudge clips' and we are going to clip the seam allowance with some small clips to make it easier to stitch the sleeves to the armhole edges. Do not go past the mark. ---- Stitch sleeves to armhole edge, make sure you do not catch the facing. Stitch sleeves and side seams in one continuous motion. Clip the corner. Stitch skirt center back. Hem 1 long edge of the skirt. Gather the other long edge to the size of the dress lower edge. Stitch skirt along lower dress edge while making sure that the dress center backs are tightly together. Fold seam up and topstitch dress catching the seam. Hook & Loop closure: stitch the soft side of the Velcro, facing inwards, flush with center back on the left. The harder (hooked) side of the Velcro faces outwards and 'sticks out' 1.2cm functioning as underlap on the right. attach buttons to center front.

Shoes

Materials: felt, 2 buttons, embroidery thread.

Pattern Pieces: 6,7. Do not cut additional seam allowance.

Shoes: Use a blanket stitch for all seams and edges. **NOTE!** I designed the shoes with a 4mm seam allowance. Finish the top edge with a blanket stitch. Stitch center back with a blanket stitch, wrong sides are facing so that you will see the seam on the outside. Stitch sole to upper shoe, also wrong sides facing, you see the seam on the outside. attach buttons as indicated and, if desire, catch two green felt leaves under the button.

Bandana

Materials: light weight cotton. **Pattern Piece:** 8, this piece needs to be pieced together. Do not cut additional seam allowance.

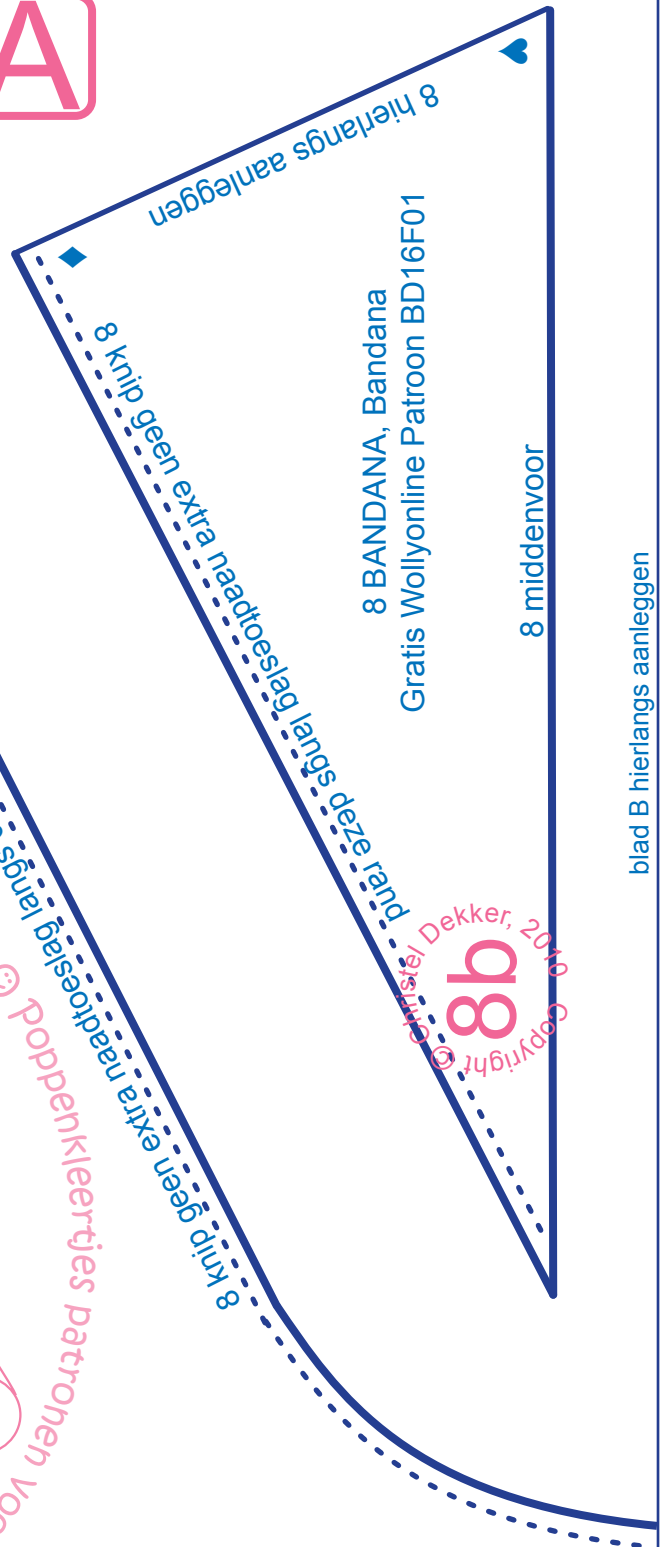

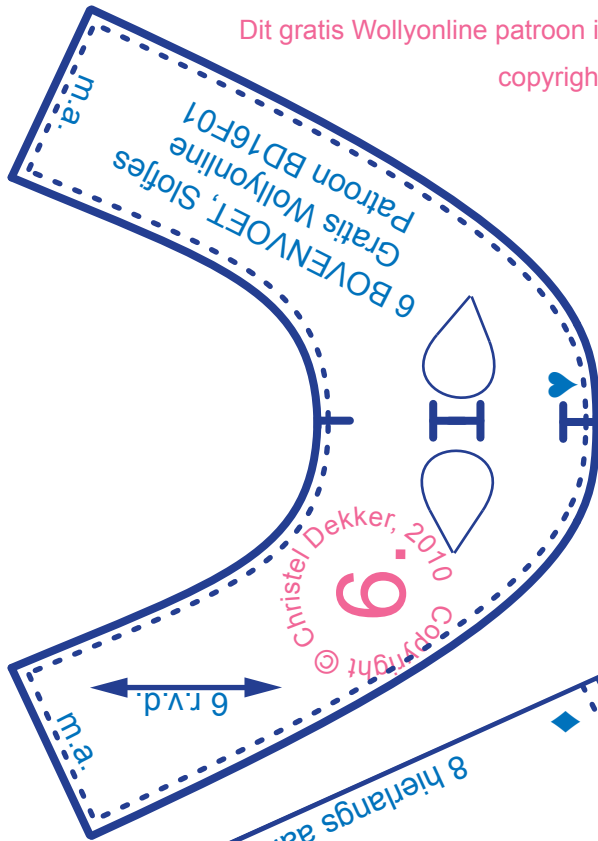

Bandana: Finish all edges with a zigzag. Fold front seam under and stitch. Clip the points at the tie ends. Leave the other edges as is.
